Ref: Survey Permission Form  
Tract No. 1-019.000- CH

**To Whom It May Concern:**

On 8-14-09, I, Carolyn J. Corson, after a conversation with your agent Mr. Tom J. Kenny, signed a Survey Permission Form which allowed PATH 's, *“Employee's, agents, affiliates and contractors permission to enter upon my property to perform preliminary engineering work, including surveying, core boring and cultural environmental assessments as well as property valuation (collectively “Surveys”).*

I do hereby cancel, recind, and make void, that 8-14-09 “Survey Permission Form” and agreement. At such time as your company has been granted an approved application to built the transmission line, I will be happy to discuss with you the re-authorization of the above referenced form.

If I may be of further assistance in this matter, please

Very truly yours,

  
Carolyn J. Corson
