BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE TOWN OF PADEN CITY:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance is adopted and enacted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. The Town of Paden City (the "Issuer") is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia in Tyler and Wetzel Counties of said State.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer currently owns and operates a public waterworks system and desires to acquire, construct and operate certain additional public waterworks facilities consisting of additions, betterments and improvements to such existing waterworks facilities, with all appurtenant facilities.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, betterments and

improvements to the existing waterworks system of the Issuer, consisting of installation of raw water transmission lines from wells to the treatment plant, a water aeration treatment plant, 50 gate valves (East Rt. 2 and North Main Street), 5,000 feet of 8 inch PVC loop, replace 5,000 feet of 4 inch line with 8 inch PVC waterlines, and replace 100 gate valves, and all appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Recorder of the Issuer. The existing waterworks facilities of the Issuer, together with the Project and any further additions, betterments and improvements, are herein called the "System". The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Bonds (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project is \$2,000,000, of which \$1,800,000 will be obtained from the proceeds of sale of the Bonds herein authorized, and \$200,000 will be a cash contribution from the Issuer.

E. It is necessary for the Issuer to issue its Water Revenue Bonds Series 2001 A (United States Department of Agriculture), in the aggregate principal amount of \$1,800,000 (the "Series 2001 A Bonds"), to finance a portion of the cost of acquisition and construction of the Project. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2001 A Bonds prior to, during and for 6 months after estimated completion of such, acquisition and construction of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incidental to the acquisition and construction of the Project and the financing authorized hereby; provided that, reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2001 A Bonds or the repayment of indebtedness incurred for costs of the Project by the Issuer for such purposes shall be deemed Costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There is an outstanding obligation of the Issuer which will rank on a parity with the Series 2001 A Bonds as to liens, pledge and source of and security for

payment, being the Water Revenue Bond, Series 1982, of the Issuer, dated December 2, 1982, issued in the original aggregate principal amount of \$361,000 (the "Series 1982 Bond"). The Series 1982 Bond is referred to as the "Prior Bonds." The Prior Bonds are currently held by the Purchaser. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which rank prior to or on a parity with the Series 2001 A Bonds as to liens, pledge and/or source of and security for payment.

The Issuer is not in default under the terms of the Prior Bonds, the ordinances and resolutions authorizing the Prior Bonds or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid consent or waiver thereof.

H. It is in the best interest of the Issuer that the Series 2001 A Bonds be sold to the Purchaser, pursuant to the terms and provisions of the Letter of Conditions dated March 13, 2000, and all amendments thereto, if any (collectively, the "Letter of Conditions").

I. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2001 A Bonds, or will have so complied prior to issuance of the Series 2001 A Bonds, including, among other things and without limitation, obtaining a certificate of public convenience and necessity and approval of the Project from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired or shall have been duly waived or otherwise provided for.

The Series 2001 A Bonds shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Series 2001 A Bonds so surrendered shall be canceled and held for the account of the Issuer. If the Series 2001 A Bonds shall have matured or be about to mature, instead of issuing a substitute Series 2001 A Bonds the Issuer

may pay the same, and, if such Series 2001 A Bonds be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bonds Secured by Pledge of Gross Revenues. The payment of the debt service of the Series 2001 A Bonds shall be secured forthwith by a lien on the Gross Revenues derived from the System, on a parity with the Prior Bonds. (FORM OF BOND)

TOWN OF PADEN CITY

WATER REVENUE BONDS, SERIES 2001 A

\$1,800,000

No. AR-1

Date: March 28, 2001

FOR VALUE RECEIVED, the Town of Padon City (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$1,800,000), plus interest on the unpaid principal balance at the rate of 5.50% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$9,432, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided herein below. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of acquisition and construction of additions, betterments and improvements to the waterworks system (the "System") of Borrower, is payable solely from and secured by the revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized

denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (herein called the "Act"), and an Ordinance of Borrower duly enacted on March 19, 2001, authorizing issuance of this Bond (the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY WITH THE BORROWER'S WATER REVENUE BOND, SERIES 1982, DATED DECEMBER 2, 1982, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$361,000, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS.

Section 4.01. Establishment of Funds and Accounts with Depository Bank.

The following special funds or accounts are hereby created and established with (or continued if previously established or continued by the Prior Ordinances), and shall be held by, the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund (established by the Prior Ordinances and continued hereby);
- (2) Depreciation Reserve (established by the Prior Ordinances and continued hereby); and
- (3) Project Construction Account.

Section 4.02. Establishment of Funds and Accounts with Commission.

The following special funds or accounts are hereby created with (or continued if previously established by the Prior Ordinances) and shall be held by the Commission separate and apart from all other funds or accounts of the Commission and the Issuer and from each other:

- (1) Series 1982 Bond Reserve Account (established by the Prior Ordinances as the "Reserve Fund," transferred from the Depository Bank to the Commission and continued hereby); and
- (2) Series 2001 A Bonds Reserve Account.

Section 4.03. Bond Proceeds; Project Construction Account. The proceeds of sale of the Series 2001 A Bonds shall be deposited upon receipt by the Issuer in the Project Construction Account. The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installment payments on the Series 2001 A Bonds if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.03, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.04. Covenants of the Issuer as to System Revenues and Funds. So long as the Series 2001 A Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2001 A Bonds Reserve Account, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Series 2001 A Bonds remaining unpaid, together with interest accrued to the date of such payment, the Issuer further covenants with the Holder of the Series 2001 A Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Ordinances and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Ordinances.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority, subject to the provisions of the Prior Ordinances not otherwise modified herein:

(1) The Issuer shall first, each month, on or before the due date of payment of each installment on the Prior Bonds and the Series 2001 A Bonds, transfer from the Revenue Fund and remit to the National Finance Office, the amounts required to pay the interest on the Prior Bonds and the Series 2001 A Bonds and to amortize the principal of the Prior Bonds and the Series 2001 A Bonds over the respective life of each Bond issue. All payments with respect to principal of and interest on the Prior Bonds and Series 2001 A Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit (i) to the Commission for deposit into the Series 1982 Bond Reserve Account, the amount required by the Prior Ordinances; and (ii) to the Commission for deposit into the Series 2001 A Bonds Reserve Account, 0.4167% of the Minimum Reserve, until the amount in the Series 2001 A Bonds Reserve Account equals the Minimum Reserve. Moneys in the Series 2001 A Bonds Reserve Account shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 2001 A Bonds to the National Finance Office as the same shall become due or for prepayment of installments on the Series 2001 A Bonds, or for mandatory prepayment of the Series 2001 A Bonds as hereinafter provided, and for no other purpose; provided, however, that when the Minimum Reserve has been accumulated in the Series 2001 A Bonds Reserve Account, all earnings of investments of moneys therein shall at least annually be transferred to and deposited in the Revenue Fund.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Depreciation Reserve, (i) the amount required by the Prior Ordinances; and (ii) 0.4167% of the Minimum Reserve, until the amount in the Series 2001 A Bonds Reserve Account equals the Minimum Reserve, and thereafter, 0.8334% of the Minimum Reserve, so long as the Series 2001 A Bonds are outstanding; provided, however, that in the event Revenues are insufficient to fund the Series 2001 A Bonds Reserve Account in accordance with Section 4.04B(2)(ii) above, or a withdrawal of funds from the Series 2001 A Bonds Reserve Account is made, payment of Revenues into the Depreciation Reserve as provided in this Section 4.04B(3)(ii) shall not be made, but instead Revenues shall be applied to the replenishment of the Series 2001 A Bonds Reserve Account until such deficiency is cured, at which time payments into the Depreciation Reserve as provided in this Section 4.04B (3) (ii) shall resume. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of interest on and principal of the Prior Bonds and the Series 2001 A Bonds as the same become due, and next to restore to the Series 1982 Bond Reserve Account and the Series 2001 A Bonds Reserve Account any sum or sums transferred therefrom, all on a pro rata basis. Thereafter, and provided that payments are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for replacements, repairs, improvements or extensions to the System.

(4) The Issuer shall next each month pay from the moneys in the Revenue Fund all current Operating Expenses of the System.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein, may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the moneys in the Series 2001 A Bonds Reserve Account shall be sufficient to prepay the Series 2001 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2001 A Bonds, at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Depreciation Reserve as herein provided, and all amounts required for the Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written directions stating the amount remitted for deposit into each such fund.

The Commission is hereby designated as the Fiscal Agent for the administration of the Series 2001 A Bonds Reserve Account as herein provided, and all amounts required for the Series 2001 A Bonds Reserve Account will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein. If required by the Purchaser at anytime, the Issuer shall make the necessary arrangements whereby required payments into said account shall be automatically debited from the Revenue Fund and Electronically transferred to the Commission on the dates required hereunder.

The Issuer shall, on the first day of each month (if the first day is not a business day, then the first business day of each month), deposit with the Commission the required reserve account payments with respect to the Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

All funds provided for in this Article (excluding the Project Construction Account) shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bonds and the interest thereon, but the Depository Bank and the Commission shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2001 A Bonds and the Prior Bonds, in accordance with the respective principal amounts then outstanding.

Subject to the Prior Ordinances, the Commission and the Depository Bank, at the direction of the Issuer, shall keep the moneys in the Series 2001 A Bonds Reserve Account and the Depreciation Reserve invested and reinvested to the fullest extent possible, in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or in the Prior Ordinances, or unless otherwise required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Investment Management. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings on moneys in the Series 2001 A Bonds Reserve Account so long as the Minimum Reserve is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer to be deposited in the Revenue Fund.

C. CHANGE OF DEPOSITORY BANK AND FISCAL AGENT. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank and Fiscal Agent if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Bonds, provide evidence that there will be at least 1,275 bona fide users upon the System on completion of the Project, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Commission or the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The moneys in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments, as shall be eligible as security for deposits of State and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

I. RESERVE FUNDS. Pursuant to the Supplemental Resolution adopted as of the date hereof, the Issuer agrees that on the date set forth in the Supplemental Resolution, moneys in the Series 1982 Bond Reserve Fund shall be transferred from the Depository Bank to the Commission. Once the funds have been transferred to the Commission, the Issuer shall continue to make payments to the Reserve Fund in accordance with the Prior Ordinance and as stated herein, except that such payment shall be made to the Commission rather than the Depository Bank.

Section 4.05. Interim Construction Financing. In order to pay certain costs of the Project pending receipt of the advances of principal of the Series 2001 A Bonds, the Issuer may issue and sell its interim construction notes in an aggregate principal amount not to exceed \$1,800,000 (the "Notes"). The Notes shall be in the form of a line of credit from a commercial bank or other lender, and the Issuer is hereby authorized to enter into a credit agreement or similar agreement with a bank or other lender acceptable to the Purchaser. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the credit agreement.

The Notes shall be special obligations of the Issuer payable as to principal and interest solely from proceeds of the Series 2001 A Bonds. The Notes do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power of the Issuer, if any, is pledged for the payment of the Notes. The Holders of the Notes shall never have the right to compel the forfeiture of any property of the Issuer. The Notes shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth herein.

ARTICLE V

GENERAL COVENANTS

Section 5.01. General Statement. So long as the Series 2001 A Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2001 A Bonds Reserve Account a sum sufficient to prepay the entire principal of the Series 2001 A Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2001 A Bonds.

Section 5.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the maximum annual debt service on the Series 2001 A Bonds and sufficient to make the payments required herein into all funds and accounts and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Series 2001 A Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of any of the Revenues of the System shall be issued after the issuance of the Series 2001 A Bonds pursuant hereto, except with the prior written consent of the Purchaser.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2001 A Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or

stored on the site in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2001 A Bonds.

C. VEHICULAR PUBLIC LIABILITY INSURANCE, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

D. WORKERS' COMPENSATION COVERAGE FOR ALL EMPLOYEES OF THE ISSUER ELIGIBLE THEREFOR AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' Compensation coverage will be maintained as provided by law.

E. FLOOD INSURANCE to be procured, to the extent available at reasonable cost to the Issuer; provided, however, if the Issuer is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

F. FIDELITY BONDS will be provided as to every member of the Governing Body and as to every officer and employee of the Issuer having custody of the Revenue Fund or of any Revenues or other funds of

the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

G. Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 2001 A Bonds are outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. For the further protection of the Holder of the Series 2001 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act on a parity with the Prior Bonds, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 2001 A Bonds, provided that, such statutory mortgage lien shall be on a parity with the statutory mortgage lien of the Prior Bonds.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

A. Failure to make payment of any monthly amortization installment upon the Series 2001 A Bonds at the date specified for payment thereof;

B. Failure to duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2001 A Bonds or herein, or violation of or failure to observe any provision of any pertinent law.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser as provided in the Act, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise

all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct and as provided in the Act.

Section 5.09. Fiscal Year; Budget. While the Series 2001 A Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next preceding year by more than 10%; and provided further that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Recorder on the date of enactment hereof, subject to permitted changes.

Section 5.11. Books and Records; Audits. The Issuer will keep books, accounts and records of the System, in accordance with the Act, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, including, without limitation, the amount of Revenues received from the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants, which report of such audit shall be open to the public for inspection at all

reasonable times, and the Issuer shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.12. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and repair and maintain the System as a revenue-producing utility as herein provided so long as the Series 2001 A Bonds are outstanding.

Section 5.13. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules.

A. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the rate ordinance of the Issuer enacted on May 3, 1999, which rate ordinance is incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be a lien on the premises served of equal degree, rank and priority with the lien on such premise of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges, including, without limitation, any right and power of foreclosure under the Act and/or such other applicable provisions of law.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises. The Issuer shall additionally have such powers as provided under the Act with respect to collection of rates and charges for the System.

G. The Issuer shall not be liable to any customer for any damage resulting from bursting or breakage of any pipe, line, main, valve, equipment or part or from

discontinuance of the operation of any part of the System or from failure of any part thereof for any cause whatever.

H. In case of emergency, the Issuer shall have the right to restrict the use of any part of the System in any reasonable manner for the protection of the System and the inhabitants of the Issuer.

I. The fees, rates and charges above provided will be increased whenever such increase is necessary in order to comply fully with all provisions hereof, and the Issuer shall always be obligated to and shall fix, establish and collect fees, rates and charges for the services and facilities of the System which shall at all times be sufficient to provide revenues to meet its payments and obligations provided hereunder and under the Prior Ordinances, but in any event, not less than 110% of the annual debt service on the Bonds outstanding.

ARTICLE VII

If the Issuer shall pay or there shall otherwise be paid to the Holder of the Series 2001 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 2001 A Bonds, the pledge of Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2001 A Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied.

WHEREAS, the Prior Bonds are secured by a reserve account pledged for the payment of principal of and interest on the Prior Bonds (hereinafter referred to as the "Series 1982 Bond Reserve Account"), which account is, pursuant to the ordinance of the Issuer adopted on December 2, 1982, authorizing the Prior Bonds (the "Prior Ordinance"), held by the Depository Bank;

ORDINANCE AUTHORIZING THE ISSUANCE OF \$361,000
WATER REVENUE BOND, SERIES 1982, OF THE TOWN OF
PADEN CITY TO FINANCE ACQUISITION AND CONSTRUCTION OF IMPROVEMENTS FOR THE EXISTING WATERWORKS OF THE TOWN; DEFINING AND PRESCRIBING THE TERMS AND PROVISIONS OF THE BOND; PROVIDING GENERALLY FOR THE RIGHTS AND REMEDIES AND SECURITY OF THE HOLDERS OF THE BOND; AND PROVIDING WHEN THIS ORDINANCE SHALL TAKE EFFECT

BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE TOWN OF
PADEN CITY:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Ordinance. This Ordinance is adopted pursuant to the provisions of Article 19, Chapter 8 of the West Virginia Code (the "Act") and other applicable provisions of law.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The Town of Paden City (the "Issuer"), in the Counties of Tyler and Wetzel, State of West Virginia, is now served by a waterworks system (which system, as expanded by the Project and all future improvements is called the "System"), but such System is not adequate, and it is necessary that the System be improved by the Issuer. The inhabitants of the Issuer and surrounding area served by the System urgently require that the System be improved as herein provided.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, extensions and improvements to the existing waterworks system consisting of expansion of the chlorination facilities at the Town's water wells, painting existing water storage tanks and completing

components of the water distribution system with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Recording Officer of the Issuer. The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

(C) It is necessary for the Issuer to issue its revenue bond in the principal amount of \$361,000 to finance a portion of the cost of the Project in the manner hereinafter provided.

(D) The estimated maximum cost of acquisition and construction of the Project is \$386,000, of which \$361,000 will be obtained from the proceeds of sale of the Bond herein authorized, and the remaining \$25,000 from the proceeds of a Governor's Partnership Grant.

(E) The cost of the Project shall be deemed to include, without being limited to the construction and acquisition of the additions, extensions and improvements constituting a part of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) The Issuer's Water Revenue Bonds, dated September 1, 1954, issued in original principal amount of \$72,000 (the "1954 Bonds") and the Issuer's Water Revenue Bonds, Series 1960, dated March 1, 1960, issued in the original principal amount of \$40,000 (the "1960 Bonds") have been defeased by the irrevocable deposit by the Issuer to the West Virginia Municipal Bond Commission, as paying agent, of a sum sufficient to pay the entire principal amount of the 1954 and 1960 Bonds together with interest due thereon, from funds derived from revenues of

the System. No proceeds of the Bond shall be used to pay the principal of or interest on the 1954 or 1960 Bonds. There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bond as to lien and source of and security for payment.

(H) The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, obtaining a certificate of convenience and necessity for the Project from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired. The rates, charges and rules provided in Article V hereof shall be in full force and effect except as changed by said Public Service Commission, in case of appeal and the time for appeal as to such order shall have expired without appeal being taken therefrom.

Section 1.03. Ordinance to Constitute Contract. In consideration of the acceptance of the Bond by the Purchaser, this Ordinance (the "Bond Legislation") shall be deemed to be and shall constitute a contract between the Issuer and such Bondholder, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Purchaser as holder of the Bond.

WATER REVENUE BOND, SERIES 1982

THE TOWN OF PADEN CITY

\$361,000

No. 1

Date: December 2, 1982

FOR VALUE RECEIVED, THE TOWN OF PADEN CITY (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Three Hundred Sixty-One Thousand Dollars (\$361,000) plus interest on the unpaid principal balance at the rate of five per cent (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four months after the date hereof and \$1,773, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of fortieth (40th) year from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the

obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the gross revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 19 of Chapter 8 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

BOND PROCEEDS; REVENUES AND APPLICATION THEREOF

Section 3.01. Bond Proceeds; Project Construction Account. The proceeds of temporary financing and from sale of the Bond, shall be deposited on receipt by the Issuer in the Bank of Paden City, Paden City, West Virginia, a member of Federal Deposit Insurance Corporation (the "FDIC"), in a special account hereby created and designated as "Town of Paden City Project Construction Account" (herein called "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Government on or before the due date, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Gross Revenues to make such monthly payment.

Except for the foregoing provision, moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchasers.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

(A) REVENUE FUND. The entire gross revenues derived from the operation of the System, and all parts thereof, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund" is hereby established initially with the Bank named in Section 3.01. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) DISPOSITION OF REVENUES. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(i) The Issuer shall first each month, on or before the due date of each installment on the Bond, transfer from the Revenue Fund and pay to the National Finance Office designated in the Bond the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(ii) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund hereby initially established with said Bank, 1/12 of 1/10 of the amount of principal and interest becoming due on the Bond in any year until the amount in the Reserve Fund equals the sum of \$21,276, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bond, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the

Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(iii) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, hereby initially established with said Bank, the sum of \$90, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$10,830 and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(iv) The Issuer shall next each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(v) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve as herein provided, and all amounts required therefor will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

(C) CHANGE OF FISCAL AGENT. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) USER CONTRACTS. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be 1,361 full-time bona fide users initially upon the System.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce revenues equal to not less than 110% of the annual debt service on the Bond and to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the

event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially upon the Recorder in the amount required by the Purchaser, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.07. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.08. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.09. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Recording Officer on the date of adoption hereof, subject to permitted changes.

Section 4.10. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at

all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser.

Section 4.11. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.12. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 4.13. Concerning Arbitrage. The proceeds of sale of the Bond will not be invested in such a way as to violate the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(c) of the Internal Revenue Code of 1954, as amended.

ARTICLE V

RATES, ETC.

Section 5.01. Initial Schedule of Rates and Charges; Rules. A. The schedule of rates and charges for the services and facilities of the System shall be as set forth in the Ordinance of the Issuer enacted September 9, 1981.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other revenues of the System.

D. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

E. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

F. No allowance or adjustment in any bill for use of the services and facilities of the System shall be made for any leakage occurring on the customer's side of the water meter.

G. The Issuer shall not be liable to any customer for any damage resulting from bursting or breakage of any pipe, line, main, valve, equipment or part or from discontinuance of the operation of any part of the System or from failure of any part thereof for any cause whatever.

H. In case of emergency, the Issuer shall have the right to restrict the use of any part of the System in any reasonable manner for the protection of the System and the inhabitants of the Issuer.

I. The fees, rates and charges above provided will be increased whenever such increase is necessary in order to comply fully with all provisions hereof, and the Issuer shall always be obligated to and shall fix, establish and collect fees, rates and charges for the services and facilities of the System which shall at all times be sufficient to provide revenues to meet its obligations hereunder, but not less than 110% of the average annual debt service on all Bonds outstanding.

ARTICLE VI

MISCELLANEOUS

Section 6.01. Defeasance. The Bond shall be considered to have been paid in full and defeased only upon compliance with the requirements of the Purchaser if paid prior to maturity, and only upon payment in full of all interest owed and principal due on the Bond if paid at maturity.

If any one or more of the covenants, agreements or provisions hereof should be held contrary to any express provision of law or contrary to the policy of express law, although not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements or provisions hereof, and shall in no way affect the validity of all the other provisions hereof or the Bond.

Section 6.05. Conflicting Provisions Repealed. All ordinances, resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this Section shall not be applicable to the Loan Resolution (Form FmHA 442-47).

Section 6.08. Statutory Notice and Public Hearing. Upon adoption hereof, an abstract of this Bond Legislation, determined by

TOWN OF PADEN CITY

WATER REVENUE BONDS, SERIES 2001 A

\$1,800,000

No. AR-1

Date: April 26, 2001

FOR VALUE RECEIVED, the Town of Paden City (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$1,800,000), plus interest on the unpaid principal balance at the rate of 5.125% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$8,982, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of acquisition and construction of additions, betterments and improvements to the waterworks system (the "System") of Borrower, is payable solely from the gross revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance, and upon surrender and

cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (herein called the "Act"), and an Ordinance of Borrower duly adopted and enacted on March 19, 2001, authorizing issuance of this Bond (the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY WITH THE BORROWER'S WATER REVENUE BOND, SERIES 1982, DATED DECEMBER 2, 1982, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$361,000, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS.

IN WITNESS WHEREOF, the Town of Paden City has caused this Bond to be executed by its Mayor and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Recorder, all as of the date hereinabove written.

\$1,800,000 Water Revenue Bonds, Series 2001 A

Town of Paden City
Paden City, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Town of Paden City, in Wetzel and Tyler Counties, West Virginia (the "Issuer"), of its \$1,800,000 Water Revenue Bonds, Series 2001 A, dated the date hereof (the "Bond"), pursuant to Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and a bond ordinance of the Issuer duly enacted on March 19, 2001 (the "Bond Legislation"). We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the representations of the Issuer contained in the Bond Legislation and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a municipal corporation and political subdivision of the State of West Virginia with full power and authority to adopt and enact the Bond Legislation, perform the agreements on its part contained therein and issue and sell the Bond, pursuant to the provisions of the Act and other applicable provisions of law.
2. The Bond Legislation has been duly adopted and enacted by the Issuer and constitutes a valid and binding obligation of the Issuer enforceable upon the Issuer.
3. Pursuant to the Act, the Bond Legislation creates a valid lien on the funds pledged by the Bond Legislation for the security of the Bond on a parity with the Issuer's Water Revenue Bond,

Series 1982, dated December 2, 1982, issued in the original aggregate principal amount of \$361,000 (the "Prior Bonds"), but subject to no other lien granted under the Act.

4. The Bond has been duly authorized, executed and delivered by the Issuer and is a valid and binding special obligation of the Issuer, payable solely from the sources provided therefor in the Bond Legislation.

5. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

6. The Bond is, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality or county commission, political subdivision or agency thereof, and interest on the Bond is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holder of the Bond and the enforceability of the Bond, the Bond Legislation and the liens and pledges set forth therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that the enforcement thereof may also be subject to the exercise of judicial discretion in appropriate cases.

Ladies and Gentlemen:

We are counsel to the Town of Paden City, a municipal corporation and political subdivision of the State of West Virginia in Wetzel and Tyler Counties of said State (the "Issuer"). As such counsel, we have examined a copy of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a bond ordinance of the Issuer duly enacted on March 19, 2001 (the "Bond Legislation"), and other documents and papers relating to the Issuer and the above-captioned Bond of the Issuer (the "Bond"). Terms used in the Bond Legislation and not otherwise defined herein shall have the same meanings as in the Bond Legislation when used herein.

We are of the opinion that:

1. The Issuer is duly created and validly existing as a municipal corporation and a political subdivision of the State of West Virginia.
2. The Mayor, Recorder and members of the Council of the Issuer have been duly, lawfully and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
3. The Bond Legislation has been duly adopted and enacted by the Issuer and is in full force and effect.

4. The execution and delivery of the Bond and the consummation of the transactions contemplated by the Bond and the Bond Legislation, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

5. All permits, licenses, approvals, consents, certificates, orders, exemptions and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bond, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges have been entered and/or received, including, without limitation, all requisite orders, certificates, consents and approvals from the Public Service Commission of West Virginia, and the Issuer has duly taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of an ordinance prescribing such rates and charges, the time for appeal of which has expired prior to the date hereof without appeal.

6. To the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bond and the Bond Legislation, the acquisition and construction of the Project, the operation of the System, or the validity of the Bond, or the collection or pledge of the Gross Revenues therefor.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

2. **NO LITIGATION:** No controversy or litigation of any nature is now pending, or, to the knowledge of any of the undersigned, threatened, restraining, enjoining or affecting the issuance and delivery of the Bond or receipt of any grant moneys committed for the System; nor questioning the proceedings and authority by which the Issuer authorized the issuance and sale of the Bond; nor in any way questioning or affecting the validity of the grants committed for the System or the Bond, or any provisions made or authorized for the payment thereof, including, without limitation, the pledge or application of any moneys or security therefor; nor questioning the existence, powers or proceedings of the Issuer or the Council of the Issuer (the "Governing Body") or the title of the members and officers thereof to their respective offices; nor questioning the operation of the waterworks system of the Issuer (the waterworks, as improved and expanded by the Project, as defined in the Ordinance, is herein called the "System") or the acquisition and construction of the Project being financed in part out of the proceeds of sale of the Bond; nor questioning the rates and charges provided for services of the System.

Competitive bids for the acquisition and construction of the Project have been solicited in accordance with Chapter 5, Article 22, Section 1 of the Official West Virginia Code of 1931, as amended, which bids remain in full force and effect.

4. **PUBLICATION AND NO PROTEST:** Notice of public hearing upon the Bond Ordinance finally adopted and enacted March 19, 2001, was duly published as required by law.

There was not any protest to the passage of the Bond Ordinance, oral or written, and the Bond Ordinance became fully effective on March 19, 2001, following such public hearing, and remains in full force and effect.

5. **NO ADVERSE FINANCIAL CHANGE; INDEBTEDNESS:** There has been no adverse change in the financial condition of the Issuer or the System since the approval by the Purchaser of a loan to assist in acquisition and construction of the Project.

There are outstanding obligations of the Issuer which will rank on a parity with the Bond as to liens, pledge and source of and security for payment, being the Water Revenue Bond, Series 1982, of the Issuer, dated December 2, 1982, issued in the original aggregate principal amount of \$361,000 (the "Prior Bonds"). The Prior Bonds are currently held by the Purchaser. Other than the Prior Bonds, there are no other bonds or obligations of the Issuer outstanding which are secured by or payable from any revenues and/or assets of the System.

The Issuer is not in default under the terms of the Prior Bonds, the ordinance and resolution authorizing the Prior Bonds or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of the Bond.

6. SIGNATURES, ETC.: The undersigned Mayor and Recorder did, for the Issuer on the date hereof, officially execute and seal the Bond with the official corporate seal of the Issuer, an impression of which seal is on this certificate above our signatures and said officers are the duly elected or appointed (as applicable), qualified and serving officers as indicated by the official titles opposite their signatures below, and are duly authorized to execute and seal the Bond for the Issuer.

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.
